M M SRIKARA

Bengaluru, India. | (+91) 9113824442 | shrikarambr@gmail.com | www.linkedin.com/in/mmsrikara

An ambitious Java / Full Stack Developer with over 2 years of experience, I specialize in designing and developing applications using a range of technologies and programming languages. Seeking to secure an exciting position as a Java Developer within an organization where I can apply my knowledge and continue learning about new technologies.

EXPERIENCE

Mar 2022 - Present

Jr. Java Developer | Capgemini | Bengaluru.

Full-Stack Developer

Agile/Scrum: Managed sprint tasks using JIRA for logging and updates.

Frontend: Developed web layers with Angular, CSS & HTML5.

Backend: Implemented features, fixes and maintenance in Java using Springboot, Hibernate and web services. Utilized Spring ORM for Integration.

Version Control & Deployment: Utilized GIT for Version Control and deployed applications on Tomcat Servers.

Documentation: Updating and Creating technical documentation.

POSITION OF RESPONSIBILITY

Siemens Healthineers

SHS is a medical technology company that designs, develops, produces, and distributes diagnostic imaging systems.

- Working on both front-end and back-end sprint tasks as part of the Agile Scrum team.
- Involved in all agile ceremonies and weekly KTs.
- Responsible for Identifying and fixing bugs in codebase through debugging tools and techniques.
- Collaborated closely with Stakeholders and Analysts to enhance the existing applications.
- Contributed to documentation tasks (updating and creation of functional & technical documents).
